SECTION A

Answer both questions.

Study Source A below and then answer Question 1.

Source A: From an article in a magazine published in China, March 1969. Here it is commenting on the 'Up to the mountains and down to the villages' campaign.

> Taking their rucksacks with them, many groups of students have gone up to the mountains and settled there.
>
> However, some students are hesitant about going to the hilly areas and the countryside. This is because they have been influenced by a handful of 'class enemies'.
>
> These students look upon life in the city with great love but look upon life in the countryside with contempt. They have respect for industry but ignore agriculture. Therefore, they use various excuses to stay in the city and are unwilling to go to the countryside.
